

## Glasgow Ceramic Studio Living Wage Graduate Internship Information 2023

Glasgow Ceramic Studio is delighted to announce that applications are now open for its Living Wage Graduate Internship Programme for 2023/24. The internship runs for 6 months and we will be filling two internship positions in this round: 1st July - 31st December 2023 and 1st October 2023 - 31st March 2024.

Glasgow Ceramic Studio is a not for profit organisation and our Living Wage Graduate Internship runs in conjunction with our Open Access Membership and Community Outreach Programmes. The first year of this endeavour was kindly supported by Creative Scotland and a generous private donation (March '22 - March '23). It is now proudly funding itself with what is raised by the Open Access Membership paying for the rental of the space, overheads, a living wage for interns and our community outreach workshops.

The internship is an opportunity for recent graduates or emerging artists at a similar level working in ceramics to access the facilities they need to continue their making practices, advance their skills and knowledge in ceramics in an exciting studio environment and to gain experience in the day-to-day running of a working studio space.

The intern is required to be in the studio for 40 hours a week (10am - 6pm five days a week including one weekend day). 20 of these hours are spent on tasks that benefit the studio and are paid a living wage of £10/hour. The other 20 hours are spent working on the intern's own practice.

Internship tasks include: facilitating the studio's Open Access Membership Programme, overseeing the smooth running of Glasgow Ceramic Studio's 'Room 2' studio space, helping out with workshops and members projects as well as working on one longer term 'Continuous Development Project' for the benefit of the studio.

The intern will receive training in the above tasks in the first 3 months of the internship, and is expected to pass this knowledge on to a new intern in their second 3 months.

Please fill out an application form and send along with a recent CV, a portfolio of up to 5 images of your work, and a proposal and a proposal of what project you would undertake in your own practice during the internship to [meabh.breathnach@gmail.com](mailto:meabh.breathnach@gmail.com). The application deadline is Sunday 30th April 2023 at midnight.
